

# Recruit for FUTURE-GB

Help us to identify and recruit participants to the FUTURE-GB trial, funded by the NIHR with imaging equipment provided by Medtronic/BrainLab.

## HOW YOU CAN HELP

### Step 1

Contact the Neurosurgery team at this hospital to find out how you can help important trial

### Step 2

Screen and recruit eligible patients

### Step 3

Help us deliver the trial to answer an important question for glioblastoma patients

REMEMBER: We need your support to answer the question categorically if DTI and intraoperative ultrasound added to standard imaging increases Deterioration Free Survival
